## Roof Mounted Masts

VPiX now offers custom mast kits that are fully electric and come in 50' and 70' models. The mast kit mounts to the roof of your truck or SUV. Quickly deploys in under 10 minutes. Just pull the pin, rotate the mast into position, attach your camera, raise the mast and shoot. Can be customized with a 1-Shot 360 lens for taking tactical panoramas if desired.

## Aerial Advantages

Whether it's real estate, law enforcement, or surveillance shots for Homeland Security -- VPiX has an aerial system for you. Our 50' and 70' models are made of the same aircraft grade masts used in naval vessels. So they'll stand up to years of punishing abuse in nearly any environment.
